

# Hafsteinn Einarsson

Curriculum Vitae

hafsteinne@hi.is · ORCID 0000-0001-5072-3678 · Scholar · haffi112.github.io/

## CURRENT POSITIONS

2026–present Dean, University of Iceland, Iceland  
2024–present Associate Professor in Computer Science, University of Iceland, Iceland  
2021–present Research Scientist, Amgen deCODE, Iceland

## PREVIOUS POSITIONS

2024–present Co-founder, KatlaCode, Iceland  
2020–2024 Assistant Professor in Computer Science, University of Iceland, Iceland  
2019–2023 Co-founder, Prescriby, Iceland  
2018–2020 Data Scientist, Íslandsbanki, Iceland  
2017–2018 Postdoctoral Researcher, Institute of Neuroinformatics, ETH Zurich, Switzerland

## EDUCATION

2017 PhD in Computer Science, ETH Zurich, Switzerland  
2013 MSc in Computer Science, ETH Zurich, Switzerland  
2011 BSc in Mathematics, University of Iceland, Iceland

## SELECTED PUBLICATIONS

Full list at [haffi112.github.io/publications/](https://haffi112.github.io/publications/). In NLP/ML venues, last author denotes the senior position.

2025 Simonsen, A., Nielsen, D. S., **Einarsson, H.** (2025). **FoQA: A Faroese question-answering dataset**. *Proceedings of the third workshop on resources and representations for under-resourced languages and domains (RESOURCEFUL-2025)*.

2024 **Einarsson, H.**, Lund, S. H., Jónsdóttir, A. H. (2024). **Application of ChatGPT for automated problem reframing across academic domains**. *Computers and Education: Artificial Intelligence*.

2024 Einarsson, G., Thorleifsson, G., Steinthorsdóttir, V., Zink, F., Helgason, H., Olafsdóttir, T., Rognvaldsson, S., Tragante, V., Ulfarsson, M. O., Sveinbjornsson, G., others (2024). **Sequence variants associated with BMI affect disease risk through BMI itself**. *Nature Communications*.

2024 Friðriksdóttir, S. R., **Einarsson, H.** (2024). **Gendered grammar or ingrained bias? exploring gender bias in Icelandic language models**. *Proceedings of the 2024 joint international conference on computational linguistics, language resources and evaluation (LREC-COLING 2024)*.

2024 Hauksson, H. O., **Einarsson, H.** (2024). **Applications of BERT models towards automation of clinical coding in Icelandic**. *Findings of the association for computational linguistics: NAACL 2024*.

2023 Sigurðardóttir, A. R., Sverrisson, Þ., Jónsdóttir, A., Gudjonsdóttir, M., Elvarsson, B. Þ., **Einarsson, H.** (2023). **Otolith age determination with a simple computer vision based few-shot learning method**. *Ecological Informatics*.

2022 Snæbjarnarson, V., Símonarson, H. B., Ragnarsson, P. O., Ingólfssdóttir, S. L., Jónsson, H., Þorsteinsson, V., **Einarsson, H.** (2022). **A warm start and a clean crawled corpus—a recipe for good language models**. *Proceedings of the thirteenth language resources and evaluation conference*.

2019 **Einarsson, H.**, Lengler, J., Mousset, F., Panagiotou, K., Steger, A. (2019). **Bootstrap percolation with inhibition**. *Random Structures & Algorithms*.

## AWARDS AND GRANTS

2026 **Vísindi og velferð** — Grant for developing an app for science literacy, 700k ISK  
2026 **Microsoft Lingua** — Grant for developing LLM red-teaming datasets for Icelandic (Microsoft), 50k USD

|              |                                                                                                                                                    |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| 2024         | <b>Science Award, University of Iceland</b> — Best overall science work and best in health science (for ICD-10 coding using Icelandic BERT models) |
| 2023–present | <b>TrustLLM</b> — EU-funded project on language models for Germanic languages (Horizon Europe)                                                     |
| 2022         | <b>Neologism platform for Icelandic</b> (University of Iceland), 4M ISK                                                                            |
| 2021         | <b>Incentive Award, University of Iceland</b> — For QA models for Icelandic (supervised student project)                                           |
| 2020–2021    | <b>Sproti and Vöxtur</b> — Awarded to Prescriby for digital product development (Icelandic Centre for Research (Rannís)), 90M ISK total            |
| 2020         | <b>Digital literacy course development</b> (University of Iceland), 3M ISK                                                                         |
| 2017         | <b>Early Postdoc Mobility Fellowship (declined)</b> (Swiss National Science Foundation)                                                            |
| 2010         | <b>Summer Undergraduate Research Fellowship (SURF)</b> (California Institute of Technology)                                                        |

## SUPERVISION

**PhD students (main supervisor):** Annika Simonsen, Joao Rodrigo Da Silva Martins, Steinunn Rut Friðriksdóttir

**PhD committee:** Amir Hamedpour, Bjarki Ármannsson, Emil Harðarson, Isidora Glisic, Pétur Helgi Einarsson, Sindri Emmanúel Antonsson, Þór Sverrisson, plus 1 completed

**Master's theses completed:** 14 since 2017, currently supervising 1.

## TEACHING

AI and Leadership (2025–2026), The AI Lifecycle (Spring 2021–2026), Introduction to Deep Learning (Fall 2025), Large Language Models in an Icelandic Context (Spring 2026), Natural Language Processing (Business Intelligence module) (Spring 2022–2024), Analysis of Algorithms (Spring 2021, Spring 2023, Spring 2025), Computers, Operating Systems and Digital Literacy, Discrete Mathematics for Computer Science (Fall 2020–2023). Roughly 300+ students per academic year across these courses.

## SERVICE

**Recent reviewing:** ACL Rolling Review, LREC workshops, Animals, Sensors, Applied Sciences.

|              |                                                                                                                                                           |
|--------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2026–present | <b>Board member</b> , Association of Computer Scientists in Iceland                                                                                       |
| 2026         | <b>Ad-hoc committee member</b> , Ethics committee, University of Iceland — single case                                                                    |
| 2025–present | <b>Council member</b> , Professional Council, Icelandic Technology Development Fund (Tækniþróunarsjóður) — reviewing research and innovation applications |
| 2025         | <b>Lead author</b> , AI policy of the University of Iceland                                                                                               |
| 2024–2026    | <b>Editorial board member</b> , Vísindavefurinn (Icelandic Science Web), University of Iceland                                                            |
| 2021–2026    | <b>Committee member</b> , Icelandic language committee, University of Iceland                                                                             |
| 2021–2024    | <b>Committee member</b> , Teaching committee, School of Engineering and Natural Sciences, University of Iceland                                           |
| 2021–2023    | <b>Committee member</b> , Equality committee, School of Engineering and Natural Sciences, University of Iceland                                           |
| 2020–2026    | <b>President</b> , Association of Computer Scientists in Iceland                                                                                          |
| 2019–2020    | <b>Committee member</b> , SKÝ committee on data applications                                                                                              |
| 2013–2016    | <b>Board member, vice-president, president</b> , VMI (Association of scientific staff, CS Department, ETH Zurich)                                         |
